They elected officers for the coming year. Mrs. Battles in behalf derwood, the secretary for the past Mrs. Annette Hudson, Mrs. John two years, with a silver ladle. Delicious refreshments were served.

Mrs. James Robinson was pleasternoon when 11 of her lady friends spent the afternoon and evening with her, bringing their supper. The time was one long to be remembered. Mrs. Robinson has been an invalid from rheumatism for several years.

The Acorn.

Take a large acorn, suspend it by a thread so as to nearly touch the water in any glass vessel, set it upon your mantelshelf, bracket or table and let it stand there for about two months without in any way interfering with it excepting to supply fresh water. The acorn will burst, throw a root down into the water and a stem upward. sending out from the stem beautiful green leaves.

Precaution. "Why did you insist on having your new servant arrive on Saturday?" ask

ed the neighbor. "There's no train back till Monday." replied Mrs. Crosslots. "We wanted to be sure of having help for our Sun day dinner."-Washington Star.

Give us an international mind to understand, an international heart to feel-William D. B. Ainey.

Doesn't Want to Know Age. A Moorish woman regards it as t point of honor to be absolutely ignor ant of her age.

## RECENT DEATHS.

A dispatch received here on Sunday announced the death that day of Birney A. Robinson at his home in Newtonville, Mass. He was a native of Underhill. Born in 1870 and graduated from St. Johnsbury Academy in the class of 1890. In 1895 he married at Brantview, Miss Mabel, daughter of William T. and Mrs. Rebecca Fairbanks. The larger part of his Specialist in Optometry, Eye Glasses, Speciacles business life dealing in automobiles. business life, dealing in automobiles, was spent in Worcester, Mass., and of recent years in Newtonville with an office in Boston. He is survived by his wife and three children, Bertha, Clifton and Winfield. His sister was the wife of the late Gov. Fletcher D. Proctor.

Somers

Mrs. W. J. Somers died in San-Francisco on Saturday, April 10. Kate Burbank, the daughter of Mr. and Mrs. Gustavus Burbank, was born in Danville. In 1858, at Dan-60 carload of scenery ville she was married and the 17year-old bride went directly to San Francisco by way of Panama. Last \$1.00, 75, 50, 25c summer she travelled in Germany, leaving the day before the war broke out, visiting her nephew, James COMING! A dramatic event of real note Weeks of this town last October on her way home. She is survived by a daughter, Mrs. Ford Patterson of Belvedere, Cal., and one son, Dr. George Somers in San Francisco, Cal., with whom she made her home at the time of her death. Mr. Somers died in 1909.

#### Bingham

The following notice is copied from the Ramsey News Journal of Ram-

Sophia P. Mullen was born at Monof flowers and a sunshine basket from roe, N. H., Jan. 14, 1841, and died the ladies circle of the Universalist March 21, 1915, aged 74 years, 2 months and seven days. moved to Alton, Ill., and to Bingham, Ill., in 1882, where they resided until her death. During her residence here, by her amiable disposition and acts of kindness, she made a host of friends who, are loath to lose her, our village has lost a noble citizen, children a loving and sacrificing mother, husband a true helpmate and companion. May the life she has lived in our midst be an influence for good in our lives and may we tenderly cherish her memory. Funeral services at Liberty church, March 23, conducted by Elder F. M. Pope of Bayle, Ill. Interment in Liberty burying ground.

#### FANGS OF A RATTLER.

Long, Curved and Hollow Are These

Deadly Poison Syringes. A rattlesnake does not coil up like a ship's cable, as it is so often pictured, cut. It comes chiefly from Mauritius J. G. COUILLARD but in a more irregular fashion, with and the East Indies. ed at four tables, Mr. and Mrs. Sam | the rattle bearing tail free in the middle and the neck bent back upon itself so as to be quickly flung forward in striking. A snake when alarmed or irritated often opens its mouth and prothe poison lurks here. As a matter of hurts us most may shape us best."gan, corresponding to our ears, and a snake may be said to hear with its tongue.

The teeth of an ordinary harmless water snake are like little needles, and, although such a snake may strike and bite viciously, the wound amounts to nothing. On the other hand, in a rattlesnake or other venomous serpent there is a pair of long curved hollow fangs in the fore part of the mouth that are very different from the other teeth. These connect with the poison ducts, and when the snake strikes and closes its jaws the apparatus works like a hypodermic syringe, the pressure of the closing jaws squeezing the ve- Wednesday... nom from the poison sac through the hollow fang into the wound. Some snakes have only grooved fangs instead Monday of hollow ones, but the effect is the

Treatment for the bite of a rattlesnake should be prompt and drastic. The time honored whisky treatment is useless. The poison works in the blood. and the first move should be to tie a ligature between the wound and the heart, so as to keep it out of the circulation. The next step should be to cut open the wound and by squeezing retain its patronage. and sucking get rid of the venom as quickly as possible. The wound should be thoroughly washed out with a solution of permanganate of potash and ness. kept moist with an antiseptic dressing. to bites of poisonous serpents should carry a hypodermic syringe and as solution liberally all about the wound. APRIL. This requires nerve, but people without nerve should avoid the vicinity of rattlesnakes.-St. Louis Republic.
